

Arts Award Welcome

Young Inscribe is a programme housed by Peepal Tree Press, offering creative and professional development support to young Black & Asian writers and poets (over 18 years old) in Yorkshire. At various times we provide workshops, on-line support, one-to-one sessions, quarterly masterclasses, and a creative writing residential.

As an Arts Award Welcome organisation we are pleased to support over 18's by providing access to activities and opportunities, to help them to achieve their **Gold Arts Award**.

Opportunities for Personal Arts Development:

Gain experience of literature and/or poetry, and produce your own work in our one-day Masterclasses (Next session scheduled for mid-April/May, date to be confirmed)..

Get involved in Young Inscribe through occasional opportunities for volunteering. For example, assisting at a forthcoming Yorkshire Young Writer's Festival in July 2010 in Leeds. You could potentially lead a project as a part of the festival. Please get in touch as soon as possible, preferably by mid-May

Attend and review literature events, particularly those of Peepal Tree Press (our parent organisation, a leading publisher of Caribbean and Black British writers).
